CE REACH DECLARATION

From June 1st 2007 has come into force **REACH** the European Community regulation N° 1907/2006/EC concerning the **Registration, Evaluation, Authorization and restriction of Chemicals**.

Regulation is addressed to manufacturer or importer of chemical substances, but it contains some disposition also for distributors and so-called “downstream users”.

According to regulation **CAVICEL S.pA** is considered a “downstream users”, our entire product portfolio is comprised of manufactured items that don't release substances intentionally.

From this results that our products are not manufactured items subject to registration within the meaning of the REACH Regulation.

To guarantee that we as downstream users are not provided with any unregistered REACH substances and/or preparation by our suppliers, **CAVICEL SpA** ensures that:

- Had established communication channels with the supply chain in order to estimate if the used substances had be registered from the relative importers and manufacturer.
- Raw material suppliers receive sufficient information for safety assessment of CAVICEL's usages.
- In regard to the Substances of Very High Concern (SVHC) currently on the list, none of these substances are intentionally added to **CAVICEL SpA** products or used in their manufacture (including new substances of ECHA/PR/19/12 of 16 July 2019, ECHA of 16/01/2020 and Changes of Annex XIV according to SNPA-61-2020 of 06/02/2020, ECHA of 25/06/2020 and new substances ECHA of 19/01/2021).
- Research and development of processes and substances alternatives whereby the regulations will reduce or ban some substances from the market, to the aim to guarantee our customers the continuity, the quality and the performances of the products supplied.

Any further information of **CAVICEL SpA** activity on REACH Regulation please contact our offices
