# UKCA declaration : Restriction of the use of certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012.

---

The directive **2012/19/UE (WEEE - Waste Electrical and Electronic Equipment)** is the regulation to prevent and to limit the flow of certain dangerous materials addressed to the dumps.

The directive defines as “Electrical and Electronic Equipment” o “EEE” all equipment that depends by electrical current or electromagnetic fields , and all generation equipment used with a maximum voltage of 100 Volt ( for AC) and 1500 Volt ( for CC).

All electrical cables without connectors for internal wiring of equipment are not AEE because its requires other elements to its activity of current transfers.

List of products Non AEE according to Annex III and Annex IV D.lgs 49/2014:

- Cable with single-connector;
- Cable on drums ;
- Fiber optic cable;

The scope of the regulations was extended to all EEE in July 2019 and is no longer defined by other 10 broad categories.

For this purpose CAVICEL confirms that their products destined to equipment WEEE compliant , respect the directive.
